THE LEGOLAND® logo is composed of four parts:

1. Icon
2. Park name
3. Park location
4. LEGO® logo

The minimum size of the primary logo for print is 56 mm wide, with the LEGO logo as 8mm x 8mm. For digital, the minimum size of the primary logo is 169 px, with the LEGO logo as 25 px x 25 px.

The LEGO logo must be at least 10 mm when used in screen print on textiles, 12 mm when used on embroidery, and 10 mm when made as a woven textile label.

In cases where the logo becomes small, use the secondary logo to maintain the 8mm x 8mm (25 px x 25 px for digital) minimum size of the LEGO logo.

BORDER PROTECTION

1. The minimum border protection around the logo is half the size of the LEGO® logo. For guaranteed legibility, the recommended border protection is the width of the entire LEGO logo.

2. For partnership lock-ups, the partnered logo must be smaller than the LEGOLAND® logo and aligned with the base of the park location.

3. For a horizontal lock-up, LEGOLAND® must always be to the left of the partnered logo, leaving the width of the LEGO® logo of border protection.

4. For a vertical lock-up, the LEGOLAND® logo must be on top of the partnered logo, also leaving the width of the LEGO® logo of border protection.
There are different versions of the LEGOLAND® logo to accommodate for different backgrounds. The logo can never sit on a red background. Avoid colors that vibrate against each other. Make sure to use the appropriate logo variation to increase visibility.

1. **Original logo.** Must be used whenever possible before selecting other variations.

2. **Use against light to medium toned backgrounds.** Never use this variation on a white background.

3. **Use against light to medium toned backgrounds.** Never use this variation on a white background.

4. **Inverse logo.** Use against dark toned backgrounds. This logo holds priority before selecting other inversed variations.

5. **Inverse logo.** Use against dark toned backgrounds.

6. **Inverse logo.** Use against dark toned backgrounds. This variation should only be used in cases where the yellow and the red colors are clashing with the background color.

7. **Knock-out logo.** Use this variation in special situations that require the logo to be a solid color.
Do not place logo on a busy background.

Do not place logo on a red or poorly contrasted background.

Do not hold logo inside a color block if not necessary.

Do not tilt the logo.

Do not stretch or distort the logo.

Do not flip or reflect the logo.

Do not change the sizing and location of parts in the logo.

Do not remove parts of the logo.

Do not change the color of any part of the logo.

Do not add effects such as gradients, drop shadows, beveling or embossing.

Do not obstruct the logo with any imagery or copy.
LEGOLAND® Florida Resort is the proper usage of the brand name for all materials. LEGOLAND® is always all capitalized, Florida and Resort are both initial capped.
